Work Experience

Currently on a career break from September 2022 due to relocation to the UK for my partner. In this time I have been taking up various non-tech jobs.

- **Pi Tech Info Pvt. Ltd.** Kathmandu, Nepal
Software Developer *December 2021 - September 2022*
 - Full-Stack Developer and acting team lead for their product called 'Chukul' which offers fundamental analysis and technical analysis of stocks as a service.
 - Worked with Django, Vue.js, Quasar UI, TradingView
 - Launched the product in a short timeframe and helped the company breakeven after about 4 months of launch.
- **Beta Analytics Pvt. Ltd.** Kathmandu, Nepal
Software Developer *Feb 2020 - September 2021*
 - Full-Stack Developer on their in-house data entry and reporting system.
 - Full-Stack Developer on a web application framework for stockbrokers. The framework allowed for multiple revenue streams for the company while having to maintain a single codebase. It had features like:
 - * Integration with Stock Market Data and Stats API
 - * Managing downloadable content
 - * Creating and updating notices and blog posts
 - * User Registration System that integrated with the Nepal Stock Exchange [Trading Management System](#)
 - List of stockbrokers using the framework:
 - * [Premier Securities](#)
 - * [Sweta Securities](#)
 - * [Malla & Malla Stockbroking Co.](#)
 - * [Siprabi Securities](#)
 - * [Kumari Securities](#)
 - Developed a browser extension to automate filling up forms.
- **Sudreeshya IT Training Academy** Kathmandu, Nepal
Python Instructor *Jan 2020 - Feb 2020*
 - Delivered a [course](#) in Python programming to 3rd-year college students.
 - Each student was assigned an end-of-course project and they demonstrated considerable understanding of the concepts. Many of them are employed now in good companies.
- **Innovative Engineering and Construction Technologies Pvt. Ltd.** Kathmandu, Nepal
Information Systems Officer *Feb 2018 - Dec 2019*
 - Managed and oversaw the development of their website - [Meroghar Website](#) and mobile app
 - Maintained and Monitored the organisation's ERP software(Bitrix24)
 - Setup, Operation and Troubleshooting of computing and network equipment like Routers and Switches, CCTV, Access Control and Attendance Systems, IVR

- Tested and evaluated new tools and technologies. Proposed hardware/software solutions to accomplish the company's business objectives
- Negotiated pricing and fees with various software providers and equipment vendors to cut down operation costs of the organization.
- Documented & Reported findings and observations for Business Process Optimization.

- **Bajra Technologies Pvt. Ltd.** Kathmandu, Nepal
Software Development Intern *Sep 2017 - Dec 2017*
 - Built a backend module in Golang for one of their in-house project named '[Sitehawk](#)' which is a website monitoring service
 - The module utilized Bing Search API to determine rankings of our client's websites which was quite useful and appreciated.
- **CSIT Association of Nepal** Kathmandu, Nepal
Executive Member *2015 - 2016*
 - Built and wrote content for their very first website - [CSITAN](#)
 - Participated in committee meetings.
 - Assisted in events held by the organisation which included sponsored Training Programs, Tech Community Meetups and Panel Discussions pertaining to the IT sector in Nepal.
 - During my tenure, we also expanded the organization to include students and colleges of Computer Science throughout Nepal by establishing regional units of our organization.

Skills

- **Computer Science:** Data Structures and Algorithms, Machine Learning, Artificial Intelligence, Linear Algebra,
- **Programming:** Python (preferred), Javascript, \LaTeX
- **Technologies:**
 - **Web Frameworks:** Flask, Django
 - **JS Frameworks:** Vue.js, TradingView
 - **Databases:** PostgreSQL
 - **Systems:** Linux, Docker
 - **DevTools:** git, tmux, Makefile
- **Teaching:** I've given several classes and tutorials to students and interested audiences.
- My background in Computer Science, gives me the tools and the mindset to break down problems and find solutions.
- I can learn and adapt to a new discipline, area or environment and get results quickly.

Education

- **Tribhuvan University** Kathmandu, Nepal
BSc. Computer Science and Information Technology *2014 - 2018*

- Took courses in Computer Programming, Data Structures & Algorithms, System Analysis and Design, Computation Theory, Artificial Intelligence, Statistics and Machine Learning
- The final year project was an android application for Algorithm Visualization.

- **Capital Higher Secondary School** Kathmandu, Nepal
High School Certificate 2010 - 2012
 - Studied Physics, Mathematics, Computer Science
 - Participated in Annual Science Exhibitions. Notable exhibit - 'High Voltage Show' which included a Tesla Coil Disco Ball, Jacob's Ladder, a Makeshift Oscillator along with a display of various High Voltage Components used in machines around us.
 - Founding Member of an IT Club
- **Lalitpur Secondary Boarding School** Lalitpur, Nepal
School Leaving Certificate 2010
 - Participated in Annual Science Exhibitions. Notable exhibit - A remote-controlled robot that drilled and extracted fluids from underground.

Participation in Workshops and Conferences

- **THREAT CON 2019** Kathmandu, Nepal
ThreatNix Pvt. Ltd. 31 Aug 2019
 - A local-level cybersecurity conference.
 - Participated in [CTF\(Capture The Flag\) competition](#) at the event with a 3 member team(Team 168) - Rank #7 / #21
- **Youth Leadership Forum training** Lalitpur, Nepal
International Community Development Foundation (ICDF), American Embassy 5 - 7 June 2019
 - Key themes of the training were: 21st Century Leadership, Self-Exploration, Resource Exploration, and Enterprise Building
- **Nepal Internet Governance Forum 2018** Lalitpur, Nepal
Internet Governance Forum, Nepal Chapter 2-3 Nov 2018
 - Carried out discussions regarding Internet usage, safety, and policy
- **Open Data Hackathon - 2015** Kathmandu, Nepal
Open Data Nepal 7 March 2015
 - With a team, presented a prototype project called 'Prakriya' which offers easy information about administrative processes in Government Offices. I was responsible for extracting data from pdf files.
